

## SecITC 2025 - Call for papers

**SecITC 2025**, the 18th International Conference on Security for Information Technology and Communications, will take place in Bucharest, Romania on November 20-21, 2025. The conference brings together **computer security researchers, cryptographers, industry representatives** and **graduate students** interested in any aspect of information security and privacy. SecITC 2025 post-proceedings will be published by Springer in the Lecture Notes in Computer Science (LNCS) series.

### Keynote speakers:

**Maria Isabel Gonzales Vasco** - Department of Mathematics, Universidad Carlos III de Madrid  
**Peter Scholl** - Department of Computer Science, Aarhus University

**Original research papers** are welcomed on **all aspects of information security**, including but not limited to:

- Access Control
- Anonymity and Privacy
- Application Security
- Applied Cryptography
- Artificial Intelligence and Machine Learning for Security
- Authentication and Identity Management
- Censorship and Censorship-Resistance
- Cyber Diplomacy and International
- Cybersecurity Policy
- Cryptographic Primitives and Protocols
- Decentralized Ecosystems Security
- Distributed Systems and Cloud Security
- Hardware and Embedded Systems Security
- Information Flow Control and Analysis
- Intrusion Detection and Prevention Systems
- Language-based and Code-based Security
- Malware Analysis and Detection
- Mobile Security and Privacy
- Policy enforcements Mechanisms
- Post-Quantum Cryptography
- Reverse-Engineering and Code Obfuscation
- Security and Privacy in the IoT and Cyber-Physical Systems
- Security and Privacy in Social Networks
- Security in Software Development and DevSecOps
- Surveillance and Anti-Surveillance.

Authors of accepted papers are asked to present their work **in person** at the conference.

## Submission

Submissions **must not be substantially duplicate work** that any of the authors has already published elsewhere or has submitted in parallel for consideration to any other journal, conference or workshop with proceedings.

The submission should begin with a title followed by a short abstract and some keywords. Submissions must be in PDF format and the main body should have at most **12** pages, excluding the bibliography and appendices, and at most **20** pages in total, using the Springer LNCS format. Reviewers are not required to read or review beyond the main body, and submissions are expected to be intelligible, and show sufficient scientific quality and depth, without the supplementary material.

All submissions must **be anonymous**.

Submissions not meeting these guidelines risk rejection without consideration of their merits. Paper submission and the reviewing process will take place via the **EasyChair platform**.

**Paper submission deadline:** September 28th, 2025

**Notification of acceptance:** October 26th, 2025

**Proceedings version deadline:** November 16th, 2025

**Registration deadline:** November 16th, 2025

**Conference dates: November:** 20-21, 2025

**Camera-ready deadline:** December 2nd, 2025

The final published version of an accepted paper will be limited to 20 pages, including references, and is expected to closely match the submission.
